

Edit a Budget?

- Click the budget item, then click Budgeted Amount to change what your budget is set to.
- Use the chart at the bottom to budget with your historical spending in mind. The green line in the chart shows the current budgeted amount.
- Click Sub-Budgets to add subcategories.
- Click Delete to eliminate a budget.

Budgets in List View

- Click the dollar amount in the right-hand column to change how much is allocated to a particular budget.
- Click the bubble icon to return to the bubble budgets view.
- A parent budget doesn't automatically decrease if you delete a subcategory.
